Procurement Transaction														
In accordance with Sections 2879 AND 2824(e) of the Public Authorities Law, please provide the following information on each procurement contract that was active (open) at any time during the reporting period:														
Columns whose names contain "*" are required AND must have values for each record to be loaded. Do not enter blank lines, as a blank line (a line with no information) will be regarded as the end of the file.														
This worksheet must be saved as type "csv" in order to be uploaded to PARIS. Select "Save As" from the "File" menu above AND select "CSV (comma delimited)" as the file type.														
Note: Most cells have some level of validation, however, validation in Excel only functions when you actually type data in the cell. It is recommended that you selectively check validation in rows that you have copied data into.

Procurement Transaction														
In accordance with Sections 2879 AND 2824(e) of the Public Authorities Law, please provide the following information on each procurement contract that was active (open) at any time during the reporting period:														
Columns whose names contain "*" are required AND must have values for each record to be loaded. Do not enter blank lines, as a blank line (a line with no information) will be regarded as the end of the file.														
This worksheet must be saved as type "csv" in order to be uploaded to PARIS. Select "Save As" from the "File" menu above AND select "CSV (comma delimited)" as the file type.														
Note: Most cells have some level of validation, however, validation in Excel only functions when you actually type data in the cell. It is recommended that you selectively check validation in rows that you have copied data into.

Procurement Transaction														
In accordance with Sections 2879 AND 2824(e) of the Public Authorities Law, please provide the following information on each procurement contract that was active (open) at any time during the reporting period:														
Columns whose names contain "*" are required AND must have values for each record to be loaded. Do not enter blank lines, as a blank line (a line with no information) will be regarded as the end of the file.														
This worksheet must be saved as type "csv" in order to be uploaded to PARIS. Select "Save As" from the "File" menu above AND select "CSV (comma delimited)" as the file type.														
Note: Most cells have some level of validation, however, validation in Excel only functions when you actually type data in the cell. It is recommended that you selectively check validation in rows that you have copied data into.
